

- Take the 405 S to the 73 (Toll Road) and exit **Bison** (you will not need to pay a toll). Make a Left on Bison and go up 3 lights to **E. Peltason Drive** and make a right. Go up to **Anteater Drive** and make a left. That is the entrance to the **Anteater Parking Structure**.
- Park in the **Anteater Parking Structure** (APS – see map below). You'll enter on the 2<sup>nd</sup> floor. Make sure and pay for a parking pass at the entrance or you may be ticketed. Parking passes are \$2 per hour or \$10 for an entire day.
- Drive straight ahead and park on the West side of the structure. There are stairs and elevators to lead you down to the sidewalk of E. Peltason Drive.
- Exit the parking structure and go West on the sidewalk on E. Peltason Drive toward the **archway** of Engineering Gateway (just past the monument sign of "The Henry Samueli School of Engineering")
- Walk under the **archway** (on the right) that reads "Henry Samueli School of Engineering", walk straight until you have passed the Rockwell Engineering Center (on the right). After you have passed the Rockwell Engineering Center you will be in the Engineering Hall Courtyard. Engineering Hall will be on your left hand side.
- Take the elevator or stairs up to **level 2**. You will see a **blue/green industrial** looking door on the stair landing. Go through that door and across the bridge. The Cardiovascular Center is the door on the right, at 2400 Engineering Hall.
